

The Rotary Club of Melbourne and Leadership Victoria

Present

The Building Blocks to Leading in Sustainability

Guest Speaker

Dr. Kaushik Sridhar

Join us on Tuesday the 26th of February for the
First Evening Meeting of 2019

Dr. Kaushik Sridhar is the National Sustainability Manager at Regis Healthcare, Advisory Board Member at Lord Mayor Charitable Foundation, Business Coach at Latrobe University's Accelerator Program and Adjunct Lecturer at the University of Melbourne and RMIT.

He has spent the last ten years working across both the private and academic sector in stakeholder engagement, business development, sustainable development, sustainability strategy governance, reporting and assurance roles. He is a PhD and MBA Graduate from the Macquarie Graduate School of Management. He has published over 20 academic and professional papers on sustainability in international peer-reviewed journals as well as presenting at international conferences and corporate expos and festivals.

What needs to be considered?

“To incorporate and embed sustainability in business strategies organisations need to take a long-term view toward managing their environmental and social risks as well as impacts.” Strategic integration of sustainability prepares them to better anticipate and understand long-term trends and the effect of resource use, and to address stakeholder expectations.”

Venue: Leadership Victoria,

Address: Old Treasury Building. 20 Spring St, Melbourne
